Workshop Descriptions:

**July 22, 9:00-12:00**
**Marijuana: Drug Facts and Policy Updates**
**Trainer:Betsy Jones**
Marijuana affects every part of a community, from public health and safety to racial and economic disparity. This workshop will cover marijuana facts, myths, and trends, effects on the body and brain, cannabis use disorder, medical issues, legalization updates, and the historical treatment of cannabis and people who use it. We will look at data from legal and decriminalized states and discuss common misconceptions about the drug and its effects.
**Prevention Specialist Domain 5: Public Policy and Environmental Change**

**Prevention of Opioids and Prescription Drug Misuse Among the Latino Community**
**Trainer: Dolka Zelaya**
This workshop will address what we know about the effects of the opioid epidemic within the Latino community. In particular, Latino youth.
**Prevention Specialist Domain 2: Prevention Education and Service Delivery**

**Sustaining Partnerships with the Faith Community**
**Trainer: Tracy Johnson**
Prevention Specialist Domain 4: Community Organization
**Prevention Basics**
**Trainer: Mitchell Moore**
This workshop will help participants understand the basics of prevention including the six prevention domains, Behavioral Health, the continuum of care, the public health approach and risk & protective factors.
**Prevention Specialist Domain 1: Planning and Evaluation**

**Ethics for the Prevention Professional (Part 1)**
**Trainer: Julie Stevens**
“Ethics for the Prevention Professional” is designed specifically for the behavioral health promotion and substance abuse prevention professional and fulfills the Prevention Specialist credential ethics requirement. This workshop will improve the understanding of and ability to apply a set of accepted standards/principles that guide the behaviors and actions of both individuals and organizations working in the prevention profession.
*This is a two part course; participants must attend both the morning and afternoon sessions

Prevention Specialist Domain 6: Professional Growth and Responsibility

**July 22, 1:30-4:30**
**Community Coalitions: Members Taking it to the Next Level Creating Long Term Change**
**Trainer: Boyd Baxter**
Community coalitions of today are highly advanced collaborations of community organizations that play an important role in reducing youth substance use, and changing the cultural norms of the community. The coalition that uses effective training and community member engagement will have strong community advocates. These advocates can be the most effective tool for advancing public policy. This training will examine two very different initiatives Social Host Accountability and Tobacco 21 that lead to the same result of reducing youth access. We will show how using a flexible framework of action steps will keep the coalition energized, alert, and on track as we explore the many ways coalition members can be involved.

Prevention Specialist Domain 4: Community Organization

**Marijuana, CBD and Vaping 101 and Latino Youth**
**Trainer: Judy Mezey**
This workshop will provide an overview of Marijuana, CBD and youth vaping from what the devices look like, to why vaping is a concern with a specific focus on Latino youth. The workshop begins with a show and tell of commonly used vape products, including the Juul. Youth are vaping e-juice with flavorings, nicotine, and high potency THC concentrates.

- **Prevention Specialist Domain 3: Program Development and Implementation**
  - **Successfully Delivering Cultural Competence throughout the Strategic Prevention Framework**
    - **Trainer:** Pierluigi Mancini
  - **Levels of Youth Engagement**
    - **Trainer:** Ruby Moseley
    - This workshop will walk participants through nine levels of youth engagement in prevention efforts. Attendees will have an opportunity to share their experiences, discuss the benefits of youth engagement and complete a self-assessment to evaluate their current attitudes and beliefs concerning youth engagement. Participants will leave with a tangible action plan to move towards full youth engagement at the program or organizational level.

  - **Prevention Specialist Domain 6: Professional Growth and Responsibility**

- **Prevention Specialist Domain 5: Service Delivery**
  - **July 23, 9:00 - 12:00**
  - **The Gap Between Substance Use Prevention and Treatment for Adolescents**
    - **Trainer:** Virginia Hoft
    - Strategies to address adolescent substance use are often limited to two opposite poles – prevention and drug treatment. However, young people’s substance use differs greatly along a continuum between these two points and approaches should too. Consideration that includes level of individual’s use, from risky to chaotic; their motivation to change their behavior; appropriateness for treatment; as well as other factors are key in deciding on best approaches. In this workshop, participants will explore a strategies aligned with NIDA’s “Principles of Adolescent Substance Use Interventions” for youth who fall within this “gap.”

  - **Texans Standing Tall: Youth in Prevention**
    - **Trainer:** Alicia Rosas
    - When youth and adults work together, people take notice! Texans Standing Tall, a statewide coalition, has developed the Guide to Effective Engagement, a tool used to engage young people in prevention efforts. This training session will guide participants on how to effectively engage a community through adult and youth partnerships. Examples will be provided of Texans Standing Tall’s collaboration with Youth Leadership Council Members. This session will review the best practices and strategic steps for implementing environmental prevention of underage alcohol, tobacco, and other drug use. It will focus on evidence-based strategies intended for all communities.
Workshop Descriptions (cont):

**Prevention Specialist Domain 2: Prevention**

**Self-knowledge** will be help learners get in touch with how they come from. A crucial aspect of this will be understanding the purpose and role of self-knowledge in developing personal identity and values.

**Prevention Specialist Domain 6: Professional Growth and Responsibility**

Suicide Prevention - At the Intersection of Suicide, Substance Abuse and Mental Health

Co-occurring issues have common risk and protective factors. By knowing these shared risk and protective factors, we can better understand the mechanisms at play and develop strategies to prevent suicide. Factors include mental health disorders, substance use, and personal and environmental factors.

**July 24, 1:30 - 4:30**

Join the Party: Rethinking Youth Engagement

Research indicates that youth who are engaged in their communities and have relationships with supportive adults are more likely to have successful outcomes. In practice, providers may often find that there are gaps in their understanding of how to effectively engage youth in decision-making and foster environments of trust and collaboration.

**Workshop Descriptions (cont):**

**Prevention Specialist Domain 4: Community Organization**

**Mobilizing to Keep Powdered Alcohol off the Shelves**

**Trainer: Nicole Holt**

Powdered alcohol poses many potential harms related to misuse and overconsumption (especially among young people). Texans Standing Tall (TST) and our community partners created a coalition that advocated against making the product available in Texas. We will discuss the specific grassroots strategies used to educate and empower coalition members and lawmakers, such as: (1) holding an Advocacy Day event; (2) coordinating constituent visits to targeted legislators; (3) organizing and providing testimony at State House and Senate hearings; (4) employing a media strategy and social media campaign; and (5) next steps to ensure the product is banned during the next Legislative Session.

**July 25, 9:00-12:00**

**Facilitating Youth Engagement in the Classroom**

**Trainer: Rud Garcia**

This training will provide an overview of how to facilitate meaningful youth engagement in the classroom. Participants will gain information on specific skills of facilitation and strategies to keep youth engaged throughout the implementation of Substance Abuse Prevention Programs. Participants will gain tools and tips for meaningful Youth Engagement. In addition, participants will learn how to apply and practice skills for youth engagement.

**Managing Volunteers to Maximize Success**

**Trainer: Brent Blackburn**

What strategies do you use to get the most out of your volunteers? During this workshop, we will look at different aspects of recruiting, training, and utilizing volunteers. Brent will share his experience in managing volunteers for over twenty years. Bring your ideas, questions and be ready to share in the experience.

**Prevention Specialist Domain 4: Community Organization**
