

HUE CONVERSATIONS

This 1-day course is an introduction to fundamentals of human decision-making process and group dynamics. Participants will learn a practical, structured, and easy-to-apply method to facilitate conversations. The results: deepened understanding, engagement, and decisions that move into action. Embracing the values of profound respect and inclusive participation, HUE Conversations allows leaders to effectively establish trust with the group and create environments where the goal is to reach a shared understanding, include diverse perspectives, and learn from the experiences each person brings to the discussion.

WHAT YOU WILL LEARN

- Foundational values of authentic engagement
- HUE™ Conversations Method
- Tips and techniques to deal with various human dynamics
- How to lead a meaningful conversation that accomplishes the desired outcomes
- How to ask thoughtful questions
